In addition, a visitors' guest house is established for group activities and visitors from abroad along with a gym room, Jacuzzi, hair salon, library, reading room and internet services.

Nature, hospitality and wellness are the key components to Hamlin Nursing Home that keep residents actively engaged in life.

In the mountains of Lebanon, high above Beirut, Dr. Mary Eddy, pioneer Presbyterian woman, established the Hamlin Memorial Hospital in 1909 and turned it out to become a beacon light of hope in the Middle East for half a century.

On October 2001, considerable renovation and upgrading by the National Evangelical Synod have made Hamlin living areas more comfortable, hygienic and pleasant for long term care and integrated physical rehabilitation services designed to help Hamlin residents regain physical functioning on the path of recovery. Hamlin therapists team, includes licensed physical therapist and licensed speech therapist, provide every patient with an individual treatment plan dedicated to meet their personal recovery goals.

**Hamlin Nursing Home and Rehabilitation Center became an institution of distinction that provides first class services to improve the golden agers quality of life and help them maintain the highest level of independence, comfort and peace of mind.**
